Health plans with full Medicare coverage
and the extra care of a Nurse Practitioner
for people in nursing homes.

Health Plans for People in
Nursing Homes

Who is Evercare®?

At Evercare® we provide health care coverage and services for people who have long-term or advanced illness, are older or have disabilities, whether they live alone, with family or in a facility.

We offer health plans with extra benefits and services designed to bring care to those who need it most, including:

- People with limited incomes
- People with diabetes, heart disease, kidney disease, dementia and other medical conditions requiring ongoing care
- People in nursing homes
- People with advanced illnesses and those nearing the end of life

With Evercare health plans you get access to an Evercare Nurse Practitioner who helps you get the care you need.

Evercare is a health care company that brings together our proven care model with insurance benefits to offer a more personal health plan built around your unique needs.

In the complex world of health care, Evercare makes getting care easier.

98% of patients and families are satisfied with Evercare.*

*2007 Family Satisfaction Survey, Market Strategies Inc., October 2007.

People in nursing homes deserve the best of care. They deserve Evercare.

For people who live in nursing homes with Medicare, Evercare plans offer more. With Evercare, you get more personalized care, more benefits and more services at no additional premium beyond Original Medicare and Medicare Part D premium.

Your Nurse Practitioner is the heart of Evercare.

At the heart of our plans is an Evercare Nurse Practitioner. Evercare plans are designed to help you or your loved one stay healthier and stay out of the hospital. They provide you with extra care and help make the most of your health care coverage every day.

Our Nurse Practitioners work in your nursing home and get to know you and your health needs. They work closely with you, your family, your doctor and nursing home staff to help make sure you get the care you need. It's this consistent, compassionate, coordinated care that makes all the difference.

How Evercare Nurse Practitioners make the difference.

You're not alone. When you have Evercare, you have access to a Nurse Practitioner. Your Nurse Practitioner works with your doctors, nursing home staff and family to help make sure you get the care you need.

Nurse Practitioners are registered nurses who have completed an advanced training program in a medical specialty. They are qualified, under a physician's direction, to:

- Conduct physical examinations
- Prepare treatment plans
- Manage chronic conditions
- Order lab tests
- Write prescriptions (in most states)

Your Evercare Nurse Practitioner helps make sure you get:

- Better continuity of care.
- A consistent team of professionals that you know and trust.
- More coordinated care and more personal attention.

Get care where you live.

Coverage and care comes to you whenever possible so you can:

- Avoid stressful transfers in and out of your nursing home.
- Stay in familiar surroundings for tests and treatments.
- Get skilled nursing services without the requirement of a three-day hospital stay.

“Evercare changed everything. We got more time with our mom, and we got our lives back. Our Evercare Nurse Practitioner, Lowie, became an extra family member when we needed one most.”

Soni S.

Family Member of Enrollee in Evercare Health Plan for People with Medicare (Plan H)

Other services can include:*

 Lab tests, x-rays, and other diagnostics

 Intravenous fluid therapy (IV)

 IV/Intramuscular (IM) medications

 Frequent monitoring of vital signs

 Medical management

 Pain assessments

 Skin care specialists

 Optometry

 Therapists and Geropsychiatrists

Help with tough decisions is available.

We talk with you and your family so you'll understand the choices and decisions that need to be made.

We take care of most of your paperwork for you.

Medicare Part D Prescription Drug coverage is built in.

You don't need a separate Part D plan.

All benefits and services from Evercare come at no premium beyond monthly Medicare and Part D payment.

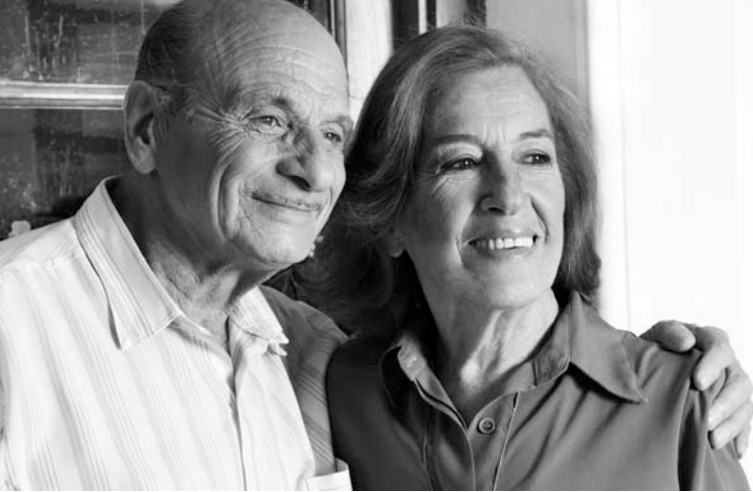

*Co-pays may apply for some benefits

For more information, or to find out if you're eligible for this plan, call a sales representative at **1-888-834-3721** or **TTY: 711**

"I'm able to be there with the patient, coordinate care, provide extra support for the nursing facilities, physicians and families and communicate with everyone involved. Generally, after they've seen what Evercare does for them, people say, 'I wish we had signed up with you sooner!'"

Katy S.
Evercare Nurse Practitioner

I want to know more about Evercare® Health Plans for People in Nursing Homes!

It's easy! Simply fill out the information below, or pass it along to your friend or loved one for them to fill out. Then, place it in the mail (no postage necessary) and return to us. We'll get in touch to let you or your loved one know more about why an Evercare health plan might be right for them.

You must have Medicare Parts A and B, and must reside in an Evercare contracted nursing facility in the service area of the plan.

Evercare® Medicare Advantage plans are special needs plans available to all people meeting certain eligibility requirements, such as having both Medical Assistance from the State and Medicare, living in a contracted nursing home, or having a qualifying chronic care condition.

Evercare® Medicare Advantage plans are offered by United Healthcare Insurance Company and its affiliated companies, Medicare Advantage Organizations with a Medicare contract. Limitations, co-payments and coinsurance will apply.
